

DESCRIPTION:

A variety of 3 different tread patterns for different terrain conditions, from M (mixed) to S (loose and soft) developed to offer a complete range of performing tyres for daily abuse generated by electric motors. Developed to withstand the rigors of modern e-bikes, where torque in getting higher and higher, the Scorpion™ E-MTB range delivers grip and reliability where it matters: the patented HyperWALL™ construction provide reliability of a DH tyre without the weight penalty, while the proprietary SmartGRIP Gravity Compound delivers grip on both dry and wet conditions as well as superior resistance to tearing thanks to the patented and sustainable chemical component called Lignin. Performances that last for the entire lifespan of the tyre, even when worn down.

1 PIRELLI CASING DETAILS:

SmartGRIP Gravity Compound:

A softer rubber for a wide range of terrains. Maximum grip in any condition

Multi-ply 60tpi Nylon for improved reliability & handling performance

Innovative patent pending **HyperWALL™** construction with multiple protective inserts for E-MTB specific reliability

TUBELESS READY technology designed for easy mounting & bead stability

MAXXIS® DOUBLE DOWN

⊖ Lower rubber insert, no bead flipper protection

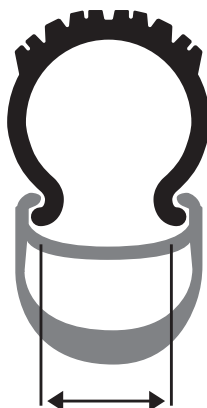

SCHWALBE SuperGravity

⊖ Lower rubber insert, higher weight

VITTORIA

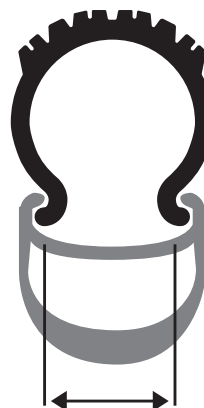

⊖ No rubber insert, no bead flipper

2.4 and 2.6 nominal size

ETRTO Rim
on 30c ETRTO RIM
@ 1,5 bar / 22psi

2.8 nominal size

ETRTO Rim
on 35c ETRTO RIM
@ 1,5 bar / 22psi

2 COMPOUND BENCHMARKING:

- **Good chemical grip**
- **Great speed**
- **Great mileage**

3C MAXXSPEED

- ⊖ good chemical grip
- ⊖ good rolling
- ⊖ less mileage

Addix Speed

- ⊖ lower chemical grip
- ⊕ best rolling
- ⊖ good mileage

- **Higher chemical grip**
- **Softer durometer**
- **High tear resistance**

3C MAXXTERRA

- ⊖ good chemical grip
- ⊖ same durometer
- ⊖ same tread wear

Addix SpeedGrip

- ⊖ good chemical grip
- ⊖ good rolling
- ⊖ worst mileage

Addix Soft

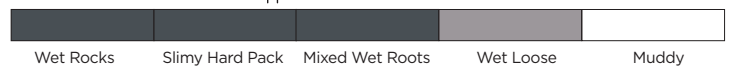

- ⊖ good chemical grip
- ⊖ same durometer
- ⊖ higher tread wear

ULTRA HEAVY-DUTY FOR MIXED CONDITIONS
