

P ZEROTM RACE TT

PURE SPEED

DESIGNED FOR:

- SPEED
- LIGHTWEIGHT
- REACTIVENESS

TECH HIGHLIGHTS

LITE

TUBE TYPE

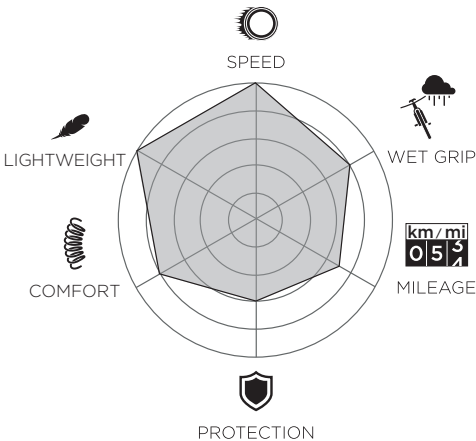

DESCRIPTION

The **PZEROTM Race TT** is a niche product that has been specifically requested by and developed for our World Tour Teams for time trial races and/or triathlon. It features a **light yet fast tube type casing with 120tpi** nylon fabric and no breaker under the tread pattern. This time trial version keeps Pirelli most advanced compound, the SmartEVO, in order to provide the highest performance. The result is a 20% faster and 5% lighter tyre* which is **best performing when coupled with our PZEROTM SmarTUBE**.

*Comparison between standard PZERO Race and time trial version
