DESCRIPTION

The 2nd generation of PZERO Race TLR is our most all-round model in the P ZERO family, as well as being the first tire with a proprietary tubeless technology entirely made in Italy. The patent-pending SPEEDCORE structure features a 120tpi carcass along with a layer of compound reinforced with aramid particles: this unique blend of polymers deliver not only complete airtightness, but also a strong resistance against punctures, without stiffening the whole structure. The SmartEVO compound adds then grip and mileage in all conditions, dry and wet, and it does so with its content of natural rubber fully certified FSC®, another milestone that Pirelli introduced in 2024 in all its bicycle tires Made in Italy. The result is a reliable, comfortable and fast tire all in one, ready for World Tour racing as well as long distances on daily training rides.

The latest addition to the family is the NERO version that uses the HIGH CONTRAST technology. This technology, derived from the Pirelli know-how in the automotive industry, allows the creation of a high-end detailing on the tire's sidewall; providing a modern, clean and premium look.

TECH OVERVIEW

1 COMPOUND

SMARTEVO
COMPOUND

Advanced blend of smart polymers to provide maximum grip with a low rolling resistance. The natural rubber content is FSC®-certified and accounts from 13,7% to 17,1% of the total weight.

**GRIP AND MILEAGE
IN ALL CONDITIONS**

2 STRUCTURES

SPEEDCORE™

Cutting-edge TLR casing technology with an inner layer of aramid particles plus an aramid breaker.

**FAST YET VERY
SMOOTH RIDING**

HIGHCONTRAST

HIGH CONTRAST delivers a minimalistic yet bold design, enhancing the sidewall finishing visual appeal with precise, high-definition detailing.

**AUTOMOTIVE PRESTIGE
LOOK AND FEEL FOR
PREMIUM BIKES**

3 MOUNTING & SIZING

**TUBELESS
READY**

Hookless compatibility:

Sizes 26-622 and below are **NOT** compatible with hookless rims

Sizes 28-622 and above are **compatible** with hookless rims subject to ETRTO **5bar/73psi max** pressure limitation.

PZERO™ RACE TLR 26-622

Size development @6bar /87 psi

RIM	WAM	OUTER DIAMETER	RAM
17 C	25mm	680mm	340mm
19 C	26mm	680mm	340mm
21 C	27mm	680mm	340mm

PZERO™ RACE TLR 28-622

Size development @5.5 bar/80 psi
